Winter 2025

## W-2

2024 W-2s will be mailed no later than January 31st, 2025. W-2s will also be available to download and print on the Electronic Services Portal for those Providers who are registered. We would like to remind those Providers who live with their Recipients, and are therefore exempt from Federal Income Tax, that you will NOT be receiving a W-2.

The IHSS Service Desk is available to assist with questions regarding W-2s. Providers needing help with the ESP website can call (866) 376-7066 during normal business hours. A W-2 (original, duplicate and/or amended) will be

mailed to the Provider's mailing address in the IHSS system at the time the W-2 is created. If you have a new mailing address, mail a change of address request form, along with a copy of your California picture Identification Card to:

In-Home Supportive Services  
PO Box 11018

## Beware!

California Department of Social Services recently became aware that some physicians and health clinics have been charging IHSS recipients a fee for filling out IHSS forms, such as the SOC 873, SOC 821, and SOC 321.

The California Health and Safety Code Section 123114(a) prohibits health care providers from charging fees for filling

out forms that support a claim regarding eligibility for a public benefit program.

No IHSS recipient should be charged when requesting these forms from their health care provider.
